The trainee's qualifications from the Petzl certificate are valid as long as s/he maintains the certified content/skills. Not using or practicing the acquired skills on a regular basis may lead to non-competence, and with it a lack of certificate validity, within a very short period. Maintaining such skills is the responsibility of the Trainee and, where relevant, the employer. This certificate shall be returned to the Petzl Technical Institute upon demand. By signing this certificate, the trainee agrees to the terms and conditions on the reverse side.
